## Trends in Financial Hardship

**ALICE** is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 983 households (36%) were below the ALICE Threshold in Fremont County.**

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Fremont County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.
